Summary

Ishtiaq Mahmood is a seasoned professional specializing in full-stack web development, data science, machine learning, and robotics. With over 10 years of industry experience, he has mastered technologies like Django, Flask, React, and AWS while excelling in data analysis, web scraping, and automation. His expertise extends to developing scalable, efficient, and innovative solutions tailored to modern digital challenges.

Beyond his technical career, Ishtiaq is an accomplished guitarist with 12 years of experience, recognized for releasing five instrumental music albums. Combining technical mastery with creative passion, Ishtiaq Mahmood continues to redefine the boundaries of innovation and artistry.
